Message from the R/Principal

Dear Parents/Carers

I would like to welcome you to a very busy but productive term 4. Being our festive term, we will be busy organizing our end of year concert which will be held on Wednesday 3rd December.

I feel very privileged to be relieving as Principal for two days this term (Monday & Tuesday). This is a wonderful opportunity for Diana and I wish her every success in her Principal School leadership role. If I can assist you with any matters please feel free to contact me at school.

Kind regards,
Ana

School Plan

During term 4, we will be looking at our school plan for the next 3 years. The development of the School Plan will be a collaborative process, in consultation with families, staff and community members. It will look at ways in which we can best assist our students with their learning journey.

Three strategic directions have been identified:

1. All students will experience success in their learning.
2. Students will have quality instruction delivered by quality teachers and quality SELS
3. The learning environment will be supportive, physically stimulating and address the academic, social and emotional needs of students.

In developing the school plan, it is important to revisit our school vision statement:

'To empower the students to become lifelong learners who are confident, emotionally and socially secure and able to communicate effectively so they can function in the community to the best of their ability.'

Further information will follow regarding the planning. The input of families will assist us in ensuring that your views and your aspirations for your child are considered. During the term, we will be asking for your input and feedback.
